## Off With His Head

Did I promise sweeping change when I took over the White House? Did I promise widespread transformation? Did I promise that you'd be overstocked of the tremendous work of this [book's] new monthly outfit, Ashley Wood? Did I promise that Chuck Dixon would write the fantastic 2009, now that he's on agent of SHIELD? Did I promise an unparalleled cover event with surprise appearances all over the 2009 line by such folks as Malcolm Jones, Howard Chaykin, Fred Harper, Tim Sale, Joe Quesada and most of all I promise books full of sweeping new vistas of color effects?

No, but you got all that anyway. We at the Doom Administration glad to accept your letters of gratitude. Gifts of eternal fealty and loyalty pledges Christmas cards are nice too.

Dear Machine Language,

Issue GHOSH IDOL 2009 is all in all it is the only current monthly comic I collect. I've followed it since issue #11 and am quite pleased mostly even if the series has been a little predictable in a few instances, like with Zoro's father and Jeter being the Darkheart Man. I have one nagging question that I hope you can do something about.

Basically, GH 2009 has become "Monter of the Month" and it should be more than that. Someone needs to kick Zoro out of said mode and get him on track. He is supposed to be leading the masses in revolt against the corporate oligarchy, not getting into yet another super-punch-out. Besides, the coming battle with Coda, then get him into some sort of revolution making.

Now a few questions: What was the energy weapon on GH's forearm? Was there a 6 ft. rod of GH 2009? What was the MYSTIC UNIVERSE HANDBOOK will have an entry for him? Have been GH take some damage, how will this be resolved? Can he return to the factory he was made off? Does GH contain nanotech? If so, is it his how he repair himself?

I'd also like to see a relationship devel. up between Kyle and Dr. Nagon. After seeing out one job (Zoro) she might be interested in a more affectionate partner, even if he is a bit young.

All in all, I like GHOSH IDOL 2009 a lot.

but the super hi-tech fight-ers getting tedious. More interesting might be to have GH use his morphic abilities to infiltrate D'More Headquarters and really put a camp in their schemes of world domination. Also, have him meet the As that made him and realize they were only protecting themselves when they kept him from revealing their existence. He ought to be able to understand that.

My big give to see a technical display of GH's systems.

Best  
Bryan  
Ed. Allen, IL

As a matter of fact, GH's hardware exposed him in GH 2009 #11. As you've seen by now, that's the rest of your questions, as well as the developing relationship between Kyle and Dr. Nagon, will be addressed in coming months.

Dear GH Editor

I've become a big fan of GHOSH IDOL 2009 and despite the fact that I has gone through a bunch of shifts in barely a year, I had been able to remain a visually exciting book. I've now heard that Kyle has left the book as well, and I hope that the new artist will continue in the same way. I'd also like to commend Christie Schaefer on her great reading. I've always been a fan of her work, from when she was colored on GHOSH 2009 and her other projects for Marvel. Simon Osborn  
Amherst, NY

We think you'll enjoy Ashley's approach. Simon isn't been taking a lot of sleep for on the services, and Christie seems to enjoy it. But we're sure glad everyone here's buzzing about his work, considering the book's effort to get Ashley's stuff here from Australia. In one more briefcase full of events, Incorporated. Overnight let the art sit in a garage for two days. Inside the house TV set. So if you dig this stuff, we'd appreciate the backlot.

Dear Machine Language

I loved issue #12 of GHOSH IDOL 2009. I'm really excited about what's taking place with GH now that Daphne's taken over. He looked pretty messed up! I'm dying to see how he handles getting everything back together with himself and with all his friends. I can't wait to see the meeting between Doom and G'Morra. I know that Doom is going to kick Kallman's butt. Anyway, now that

the editorial team's changed, I hope it doesn't mean everything else will. I'm glad GH will have a stronger role with all the other 2009 books, but I do like what's been done already with the character. I'm sure the new team-up will be great together.

Chris Allen  
Maysport, IN

Doom took care of Kallman and all, we've got some plans to let his book in with the rest of the 2009 and in a big way without compromising its quality.

## BITMAPPED REALITY BYTES

Yeah, we're back. What an awesome responsibility writing our own "Bulpen Page" is! The temptation to say something stupid is terrific! Never stopped me before though, so let's just push ahead, shall we? Then, we can all look back on this and laugh...

NEW

or two of pencils from the SPIDER-MAN/SPIDER-MAN 2099 team-up we've been threatening! Normally, we kinda like to keep our universes nice and separate, with those guys over there and our guys over here, but since the book reunites the original SPIDEY 2099 team, the idea was irresistible, and we're betting you'll feel the same way!

**THIRD ORDER OF BUSINESS:** Our "One Nation Under Doom" badges made a hit at the New York Convention! Thank to Simon Coleby for the art!

### FIRST ORDER OF BUSINESS:

As promised, here's a look at a sketch torn from the master files of our X-MEN 2099 project! We call it "DASH," and it's a loose-sheet edition comic, fully painted by the brothers Hildebrandt, and written by John Francis Moore. This'll give you an insight into the sketch stage, how the layouts are done long before the actual painting begins! Which the running figure? It's one of our X-Men, but it'd spoil a big story point if we toldja what.

### FOURTH ORDER OF BUSINESS:

While we're thinking about it, write and tell us how you liked STRANGE 2099!
